THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI E. V. K. S. ELANGOVAN): (a) and (b) Yes Sir. India has filed its Revised Offer at the WTO on 12th August 2005, including improved offers in sectors where initial offers were made. Further improvements have been made to the initial offers in sectors such as Accounting and Book-keeping services, Engineering Services, Computer and related Services, Telecommunication Services, Construction and related Engineering Services, Financial Services, Tourism and Travel Services and Maritime Transport Services.

(c) to (e) Revised Offers are received by the members of the WTO through the WTO Secretariat. So far about 30 Member countries have filed their Revised Offers at the WTO. Submission of Offers is an ongoing process in the WTO under the Request-Offer approach followed in the negotiations on Trade in Services and will be finalised only when all Member countries reach an agreement on the commitments to be undertaken. All Revised Offers are conditional on the quality of the Offers of other member countries and can be withdrawn by any Member if it is not satisfied what the Offers made by its trading partners.

(f) India's core competence in services lies in export of services through cross border supply (Mode 1) and Movement of Natural Persons (Mode 4). Liberal commitments from our trading partners in these modes will provide us more effective market access in sectors of interest to us thereby enhancing our export of services through these modes. India is also likely to receive Foreign Direct Investment, particularly in infrastructural sectors, which will enhance our economic growth.
